

Ron Cummins

National Director of Safety and Security

Ron Cummins is responsible for implementing safety and security training programs for VenuWorks-managed facilities. As a research specialist for VenuWorks, Cummins has assisted in numerous consulting projects related to feasibility studies for public assembly facilities. Cummins also participates in the operational reviews of VenuWorks managed facilities and the long range strategic planning with venue Boards and Commissions.

Cummins brings over thirty years of experience with the Linn County, Iowa Sheriff's Department to VenuWorks. As a Division Commander, Cummins specialized in the areas of law enforcement, construction management, security and safety, long range planning, and staff training. His extensive background provides a sound basis for emergency planning and preparedness. Such planning includes emergency procedures in response to weather, hazardous materials, terrorism, and criminal activity.
